

Connect

The Lake Hamilton Police Department is an industry leader in the use of Social Media in Law Enforcement. Our goal is simple - engage with our citizens. We want to start a conversation with you, get feedback, keep you informed, and let you in so you can get to know your Police Officers. So, whether you want to join in the conversation on [Facebook](#), do a virtual ride-along with "Tweet From the Beat" on Twitter, see photos of our people, vehicles, and equipment on Instagram, or watch a news conference video on Youtube, you can do that and more! Click on the social icons at the bottom of the page to connect with us wherever you are online.
